

I suffered a severe brain injury when I was a freshman in college. Tom understood how difficult life was for me after my brain injury. He fought hard for me during my lawsuit and was successful. Thanks to Tom's efforts, I will receive tax-free income for the rest of my life and have financial security. Tom not only took great care in the handling of my case, but he cared about me as a person. He is a dedicated trial lawyer and I was fortunate to have him represent me.

Leah V.

Brain injury survivor

Tom McCarthy represented me in a federal court jury trial when I was sued as an official (Regulation Counsel) of the State Bar of Michigan. I had the opportunity (and pleasure) to see Tom try an entire jury case from start to finish. He is an extraordinarily prepared, powerful, and persuasive advocate. He connected very well with the witnesses and jurors, and we won the case. Tom is an excellent trial lawyer who goes the extra mile for his client, and I would highly recommend him to anyone who has a case headed to the courtroom.

Thomas K. Byerley

Attorney at Law

Former Regulation Counsel of the State Bar of Michigan
